

Hi, I'm Dr. David Agahi from Dallas Texas. Glad to be with you at UCIS. I am an ambitious, focused, and driven educator with hands-on years of experience and a solid commitment to the social as well as academic growth and development of every student to capture a scholar's imagination and breed success.

As your Academic Counselor, I feel not only as a father and grandfather but with my educational background, I should be able to assist you in planning your academic journey. I have been in school most of my life obtaining degrees in Electronic Engineering Technology, Medical Imaging, Healthcare, Organizational Management, and Doctor of Business Administration. My previous employers for the past 30 years have been some of the fortune 100 companies such as Ericsson Inc, and General Electric. I also worked under the US Homeland Security and Transportation Security Agency (TSA) where I installed and commissioned Explosive Detection Equipment at the major US and international airports, including 26 CTX units at Suvarnabhumi Airport In Bangkok in 2007. In my last job as a lecturer at King Mongkut's Institute of Technology Ladkrabang near Bangkok Thailand, my skills were focused on developing rigorous lessons and implementing activities while exercising the flexibility to create methods to aid University students with diverse learning abilities in the classroom and beyond.

While others take pride in meeting all standards set before them: my passion is for delivering service that goes beyond everyone's expectations, creating a win-win scenario for everyone involved.

As an Academic Counselor, some of my duties at UCIS will be as the following:

I will Support academic, career, and college counseling for G9-G12 students.

Assist students in developing appropriate academic plans.

Sample Student Academic Plan.

Review each student's schedule of classes and transcripts to assure that the student is pursuing the planned educational program.

Refer students to other appropriate services for assistance, support, or advice based individually on their scholastic and personal needs.

- Socio-Emotional Counseling
- Tutoring
- Reading/Mathematics Intervention Programs

Assists students to qualify and apply to college through academic advising, SAT, IELTS preparation, and assisting with college applications and possible financial aid/scholarship applications.

Students will participate in one-on-one advising and will participate in BridgeU academic planning to assist in the college preparation process.

I have an open door policy, I welcome you to stop by and say hello and let me know if I could be of any assistance or you may contact me via the following email address or phone number.
